

Congressman Brad Sherman

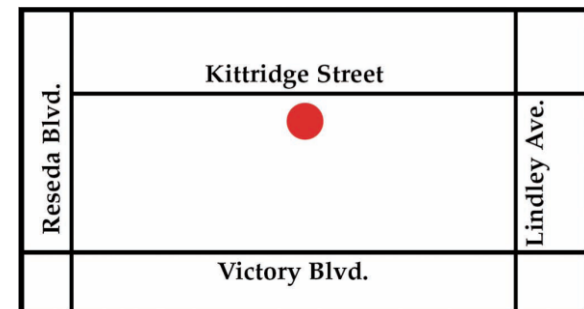

Invites you to attend a

Town Hall Meeting

Town hall meetings are an excellent opportunity for me to listen to what's on the mind of Valley residents and to respond to questions. On July 11th we will discuss health care, the economy, taxes, education and all the issues facing Congress. My constituent service staff will also be available to help you deal with any problem you're having with any federal agency. The event, refreshments, and parking are free, so I hope to see you on Sunday, July 11th.
